Jan. 22/11 Weight – 1316 lbs.

Out of the powerful donor female White Promise and the legendary Cigar, comes 16X. This dominant herdsire prospect exhibits awesome performance, natural thickness, dimension and style. Notorious was on display in Olds at the Fall Harvest Sale in November and was admired by all who saw him. Notorious will lead your program to the next level – check him out sale day. Co-owned with DJ Livestock Quesnel, BC.

Smoke was the top indexing calf in the pen at weaning and will be up on top again for yearling weight. This soggy made Cinch son is an absolute powerhouse and will add performance, milk and hair to his progeny. We continue to use Cinch out of the A.I. tank as he crosses extremely well with our Legacy females. 602S is a solid producer, last year producing the high selling bred heifer at the Fall Harvest Sale. When the smoke settles be sure you are the one who owns him.

Lot # 32 – Circle Cee Diesel 23X

Leptin Tested TT

Diesel is another attractive made, long bodied son of Cinch. You will be impressed with the hair, natural muscling and smooth make up of this young herdsire prospect. Diesel is TT for the leptin gene, so you can be sure his calves will marble and make you extra dollars on the grid. 737T first calf was in the show pen and topped the recent Fall Harvest Sale selling to Chambers Charolais as a bred heifer. Diesel is a bull designed to accelerate your operation to greatness– look him up sale day.

Execution is an ET calf out of the 2007 National Champion Female “Rumours” and the legendary Breeders Classic Champion “Exclusive”. 73X is destined for the same greatness as his parents. You will admire the package he comes in – style, moderate frame and thickness. If you intend to keep back replacement females, there are few bulls who compare to Exclusive when it comes to udders, milk and docility. Execute your game plan with 73X on sale day.

Leptin Tested TT

Red Eye is a solid red, smooth polled son of the great Contender Bull and a red Big Cat daughter. 9X has always been a stand out with his smooth lines, dark color and excellent disposition. 329N was admired for many years on the show road as a unique pedigreed red female, and has continued to be a powerful performing cow for us. She raised both 9X and his twin brother 10X this year on her own and rebred to calf in early February of this year. Add some color, fertility and performance to your herd with this powerful young individual.

Red Ice is an ET calf out of the renowned Mirage cow and our great Contender bull. Mirage has red herdsires in 4 purebred herds currently and several other progeny across Canada. A full brother to Red Ice topped the 09 Double L Bull Sale at over \$10,000 and is currently the herdsire at Reese Farms in Didsbury. Red Ice is possibly the best son of Contender yet. You will admire his hair, his solid top and his natural muscling and depth. Red Ice has a female flushmate at Circle Cee who is the darkest red female we own – and she is darn good. Here is your opportunity to own a great one! Don't miss out on these exciting red genetics.
